

## **Local Control and Accountability Plan and Annual Update Template**

*The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.*

*For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.*

*Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.*

*The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.*

*For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.*

## State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

### A. Conditions of Learning:

**Basic:** degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

**Implementation of State Standards:** implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

**Course access:** pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

**Expelled pupils (for county offices of education only):** coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

**Foster youth (for county offices of education only):** coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

### B. Pupil Outcomes:

**Pupil achievement:** performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

**Other pupil outcomes:** pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

### C. Engagement:

**Parental involvement:** efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

**Pupil engagement:** school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

**School climate:** *pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)*

## Section 1: Stakeholder Engagement

*Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.*

**Instructions:** Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

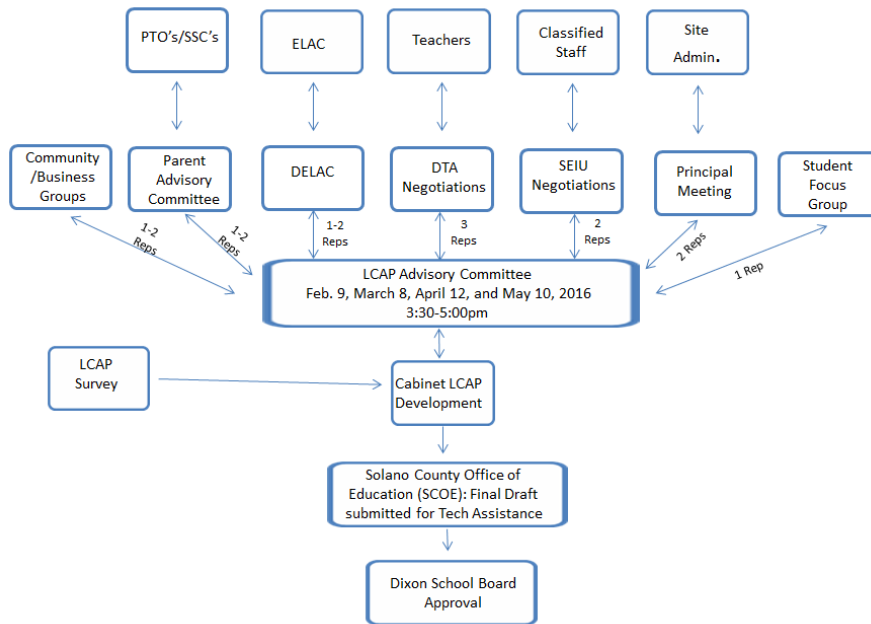

### Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

## Involvement Process

During the Winter and Spring of 2015-16, Dixon Unified School District (DUSD) engaged multiple stakeholders in the development of the 3 year Local Control and Accountability Plan (LCAP) for 2016-19. This “Involvement Process” part of Section 1 describes the overall process. Under the “Annual Update” part of Section 1 below we describe our engagement looking back at the implementation of action steps in 2015-16.

This is a diagram that we have been using to illustrate the role of each stakeholder group in the LCAP Process:

Areas of stakeholder engagement fall in these categories: Meetings, Board Updates, Surveys and the LCAP Parent and Community Advisory Committee. Each is detailed below:

### Meetings

**LCAP Advisory Committee:** Representatives from each stakeholder group described below met starting in January as the *LCAP Advisory Committee*

### LCAP Advisory Committee Meeting Dates:

Dates
Feb. 9, 2016

## Impact on LCAP

The purpose of the information-gathering step for the LCAP planning is two-fold: first to engage all stakeholders in the effort, to involve them in thinking about what is important for the school District and its students, and secondly, to use this input to inform the Goals and allocation of resources.

### What we learned from Students, Staff and Parents

After looking through input we received during the involvement process listed on the left these are some of the key themes that emerged followed by a description of how this information was synthesized by the LCAP Parent and Community Advisory Committee.

### Key Themes – Parents and Families Input

#### Goal 1 “... Well Rounded, relevant Curriculum...”

- More after school programs and tutoring help needed, especially in math
- There are limited numbers of periods of certain classes
- More attention needed to higher achieving students
- More support needed for recently arrived English Learner students (Newcomers)
- Reading assistance is needed fo ELLs in elementary

#### Goal 2 “Engage all students in learning.../Common Core”

- Basic services like books need to be in place to help with Common Core
- Students should receive standards-based instruction
- Engaged students is important

#### Goal 3 “... safe and positive school environments..”

- Basic health and safety needs to be strengthened
- Positive school climate should be top priority
- Anti-bullying/Character ed programs need to be districtwide
- Need more lunch supervision

#### Goal 4 “...high quality, dedicated, and collaborative staff...”

- Teachers need specialized training to help meet needs of socio-economically disadvantaged students
- Staff needs to be better monitored

March 8, 2016

**Parents: (including parents of unduplicated count pupils)**

Throughout the year, meetings incorporated the relevant LCAP action steps and got input from parents on changes being considered for next year. These were not separate meetings but were embedded in our ongoing work. All parents, including those of all significant subgroups (African-Americans, Hispanic/Latinos, Socio-economically Disadvantaged, English Learners, and Students with Disabilities) received written and telephone invitations and participated in any or all of the site and District level meetings.

The meetings included the following:

- Ongoing *School Site Council (SSC)* meetings were held at each site to consider needs and evaluate programs.
- Ongoing *English Language Advisory Committee (ELAC)* meetings were held at each site and helped provide the EL parents perspective.
- *Common Core Meetings* at each elementary campus were held to explain new common core test results (CAASPP).
- Ongoing *District English Language Advisory Committee (DELAC)* were held to get input on programs serving ELs and to inform the new LCAP.
- In January, 2016 we convened a *Parent Advisory Committee* to gather in person input into the LCAP process from our parents and community.

**Parent Advisory Committee Meeting Dates:**

Dates
Jan 27, 2016
Feb 18, 2016
Mar 17, 2016
April 21, 2016
May 19, 2016

**District English Learners Advisory Committee (DELAC) Meeting Dates:**

Dates
Nov 5, 2015
Jan 20, 2016
Feb 18, 2016

*Goal 5 "...partnerships with parents, businesses, and the community..."*

- Improved communication from schools to parents
- More parent involvement is needed.
- Parent need Common Core training that differentiates

*Goal 6 "...equitable and meaningful access to technology..."*

- More access to technology for students & teachers
- Technology must be available as a tool
- Technology must be up to date

**Key Themes – DUSD Administration, Teachers and Staff Input**

*Goal 1 "... Well Rounded, relevant Curriculum..."*

- We should expand the AVID program to the middle school
- Students need access to wide variety of courses and activities
- Migrant summer school should provide high quality instruction
- We need more courses for high achievers
- We need more supports for students behind on credits or in math and reading K-8.

*Goal 2 "Engage all students in learning.../Common Core"*

- We have great number of students not engaged in learning
- Need more effective plans for initial instruction
- ELs need more support after school or in summer
- More services are needed for students with learning disabilities
- Library access should be increased by expanding Library Tech staffing

*Goal 3 "... safe and positive school environments..."*

- Students need basic services to learn effectively
- Need more counselors and smaller class sizes
- Need more lunch supe

*Goal 4 "...high quality, dedicated, and collaborative staff..."*

- Need more support in how to differentiate Common Core
- Need to improve our recruitment practices

Mar 17, 2016
April 21, 2016
May 19, 2016

**Teachers**

Throughout the year at every meeting or teacher training, relevant steps in the LCAP were discussed and the input helped to inform this year’s planning. Among the meetings held are:

- Elementary Release days were held for 3 different focus areas: ELD, ELA and Math. These days were the main way that LCAP goals and actions were addressed and a series of collaborative conversations helped to inform our new LCAP
- 6 Districtwide Elementary Common Planning Time (CPT) days were held to implement action steps and included feedback from staff
- District Office Staff met with Departments at each school throughout the year at different times
- On January 7-8 we had two Professional Development Days
- Task Forces/Committees met during the year to help plan new initiatives for the LCAP. These task forces included:
  - VAPA Task Force
  - CTEIG Task Force
  - Library/Media Center Committee
  - Facilities Needs Committee

**Classified Staff**

Classified Staff was engaged through ongoing meetings throughout the year including:

- Monthly Site Support Meetings attended by each school’s Office Manager
- Monthly District Office Staff Meetings attended by all DO staff

**Consultation with Local Bargaining Units**

During negotiations with the Dixon Teachers’ Association (DTA) and the Dixon SEIU we engaged the bargaining teams on the progress of LCAP initiatives and the needs to address specific concerns of each group. The LCAP Advisory Committee was designed so that each bargaining unit could select their reps and have the opportunity to report back or bring input to the meetings

**Administrators**

Principals and other administrators were engaged in the process through

*Goal 5 “...partnerships with parents, businesses, and the community...”*

- We need to improve customer service at every level of the district.
- More translators needed at parent conferences and in every front office

*Goal 6 “...equitable and meaningful access to technology...”*

- We need to improve our website to make it more accessible and need to update it more

**Key Themes – Student Input (mostly Dixon High)**

*Goal 1 “...Well Rounded, relevant Curriculum...”*

- Migrant Ed and English Learner students don’t get the support they need to be successful
- Not sure if students with disabilities are getting enough help

*Goal 2 “Engage all students in learning.../Common Core”*

- Student achievement and common core is the reason we go to school.
- Many students expressed being against “common core” without stating why

*Goal 3 “... safe and positive school environments..”*

- School climate and feeling safe is very important
- Students need to feel comfortable in their learning environment

*Goal 4 “...high quality, dedicated, and collaborative staff...”*

- Most teachers try to help but some are not helping

*Goal 5 “...partnerships with parents, businesses, and the community...”*

- This is not so important in high school
- Main focus should be the students, not parents

*Goal 6 “...equitable and meaningful access to technology...”*

- Not mentioned in student surveys

**LCAP Advisory Committee Recommendations**

After a thorough review of the implementation of the goals in 2015-16 and communication with other members of each committee representative’s group, the Advisory group recommended that we make sure we increase and improve our

these ongoing meetings:

- Monthly Principal Meetings included multiple LCAP related items each time with brainstorming of site needs during the last 3 meetings
- Monthly Superintendent’s Council Meetings were held to include other site administrators

**Students**

In addition to the engagement through a survey, student input was generated through their representation on the LCAP Advisory Committee.

**Board Updates**

Throughout the year at almost every board meetings, we reported on progress on each goal. Covering 1-2 goals per meetings we were able to cycle through the 6 goals twice. In addition, there were ongoing presentations updating and engaging the board in specific action steps. These presentations served as a beginning for the discussions of the needs and priorities for the LCAP update.

**Here are the dates of the topics:**

September 3, 2015	Goal 2 Update
September 15, 2015	Goal 3 Update
October 1, 2015	Goal 4 Update
October 15, 2015	Goal 3 Update
October 15, 2015	Goal 6 Update
November 5, 2015	Goal 5 Update
November 19, 2015	Goal 6 Update
January 14, 2016	Goal 1 Update
January 14, 2016	Goal 2 Update
January 14, 2016	Goal 4 Update
February 4, 2016	Goal 3 Update
February 4, 2016	Goal 4 Update
February 4, 2016	Goal 5 Update
February 18, 2016	All Goals (LCAP AMOs)
March 3, 2016	Goal 1 Update
March 17, 2016	Goal 2 Update
March 17, 2016	Goal 3 Update
March 31, 2016	Goal 2 Update

**Surveys**

programs for unduplicated count students by adding a number of new action steps, as well as add some actions funded out of the Base. The Superintendent’s cabinet took the ideas from this committee and worked to prioritize and determine what were likely to be the most effective actions within the budget. The new Actions and Services are described in the Year 1 section that follows but here is a summary:

New/Expanded Actions and Services
<b>GOAL ONE</b>
Funding middle school AVID
Secondary intervention class size allocation
Portion of TK-3 Class Size Reduction (accelerated phase in to 24:1)
Assistance for migrant center tutoring
College admissions resource center funding-- stipend to maintain website and maintain new email system (\$700)
Expanded AP offerings trainings
AP Test Fees paid for SCG students and reduced for all
CAJ .2 Intervention Coordinator (pending outcome of site vote)
Dept Chair Stipend for Site AVID Coordinator
Extra support for learning English after school or Sat
More afterschool help with homework and intervention
DHS tutors to help more students after school
Summer School Intervention pullout- 1 position
Summer School for not-Migrant Els
Summer School Credit recovery that is live and not online
Summer Sch Credit Recovery Non-Migrant
Summer Sch Migrant fund difference to make 6 weeks
Increase Intervention or ELD support --Elementary
<b>GOAL TWO</b>

Two surveys were used to inform our process:

1. **LCAP Review**— In Feb-Mar, the district surveyed parents, staff and students to determine their thoughts and opinions on the district’s progress on the 2015-16 LCAP goals and student achievement practices. Surveys were done online and promoted through bilingual parent liaisons, site newsletters, parent groups and was emailed to all staff.. It was also made available through our Facebook page and Twitter feed. For each goal, stakeholders were asked:

- What is the District doing well related to this goal?
- What is the District doing that needs to be improved related to this goal?
- What are different or new things that the district could or should do related to this goal?

The survey responses are as follows:

Stakeholder	#
Parent (Eng)	121
Parent (Span)	115
DUSD Staff	85
Students	88
Community	31
Business Owner	6
<b>Total</b>	<b>413</b>

2. **Teachers Professional Development Needs Assessment**—This annual Spring survey of teachers provided a means for teachers to note participation in Professional development and to provide input on needs for the LCAP. Here are the levels of participation:

Grade Span	#
TK-2 <sup>nd</sup>	40
3 <sup>rd</sup> -6 <sup>th</sup>	46
7 <sup>th</sup> -8 <sup>th</sup>	20
9 <sup>th</sup> -12 <sup>th</sup>	39
<b>Total</b>	<b>131</b>

All of the feedback from these sources was subsequently broken into themes under each of the goals and used to create the 2015-18 Local

Increase coaching with EL Achieve stipends
Secondary level coaching—Continuing with current providers
Expanding Library Technician Staffing
<b>GOAL THREE</b>
Safety/Emergency Plans
Health Services Expanded to Align with Student Need
Replacement Plan for Furniture
Expand Super Saturday! (attendance funds)
Anti-bullying/Character Ed Program districtwide
More lunch supervision
<b>GOAL FOUR</b>
Improve Recruitment/Retention Practices
2 Professional Development Days
.5 Payroll Benefits position
Admin PLC training
Health & Wellness
<b>GOAL FIVE</b>
Improved Customer Service <ul style="list-style-type: none"> <li>• Phone Calls</li> <li>• Walk in Traffic</li> <li>• Information Requests</li> </ul>
More translators for parent conferences
Parent Trainings on CCSS that differentiate by level---not just basic
Childcare for new Adult ESL classes
Increase DHS Parent Liaison by 1 hr
<b>GOAL SIX</b>
<ul style="list-style-type: none"> <li>• Website – Updates &amp; Accessibility</li> <li>• Helpdesk/Webpage Curator School Loop Website or another push out method to subscribe to</li> </ul>

Control Accountability Plan.

**LCAP Advisory Committee**

Like last year, we convened an LCAP Committee that included all stakeholders. This committee met on four occasions to review the input from all stakeholders, review and contribute to the Annual Update, and establish priority areas for the Actions and Services portion of the plan.

**2015-16 LCAP Advisory Committee**

<b>Member</b>	<b>Representing</b>
Brian Dolan	Superintendent
Shawntel McCammon	Principal – Gretchen Higgins Elementary
Adrian Vargas	Chief Business Officer
Laura Anderson	Senior Account Clerk – SEIU Rep
Lorrain Brownell	Teacher – Dixon High School, DTA Rep

Mike Walbridge	Assistant Superintendent – District Office
Scott Immel	Teacher – C.A. Jacobs, DTA Rep
Joe DiPaola	Governing Board Member
Aurora Mercado	Parent Representative
Betsy Clackum	Parent Representative
Joe Perez	Parent Representative
Julie Mustard	Parent Representative
Kerri Dawson	Parent Representative
Megan Cornwell	Parent Representative

LCAP Coordinator: Cicely Bernhardt

**Annual Update: Process**

During the 2015-16 first year of LCAP implementation Dixon USD continued to inform and engage multiple stakeholders as a component of the LCAP annual update. We gathered information in the same ways described above: through ongoing meetings, Board Updates, through some of the questions in the surveys and the LCAP Parent and Community Advisory Committee.

Extent .5 Elem Tech Assistants to CAJ

The District conducted the required Public Hearing on the LCAP on **June 16, 2016** at which the plan was reviewed in its entirety. Adoption of the LCAP and District Budget occurred **June 23, 2016**

**Annual Update: Changes based on Input**

Throughout the engagement process stakeholders reflected on the current implementation of the six goals outlined in the current LCAP. Based on that engagement and other internal discussions here are some changes that are proposed:

*Goal 1 “...Well Rounded, relevant Curriculum...”*

**Meetings**

Most of the meetings listed above began with a process of reviewing relevant LCAP actions and reflecting on their level of implementation. For instance:

- in K-6 release days the agenda included a “Looking Back” Section to review what had been accomplished so far and what challenges we encountered.
- Parent Advisory and District EL Advisory Meetings included extensive sections related to gathering input from parents on site needs.
- Monthly principal meeting began with an update on LCAP goals and related action steps

**Board Updates**

The regular board updates on each Goal served as ongoing Annual Updates with questions coming up on each topic along the way. The topics covered included:

In addition, each Principal twice throughout the year gave a “3 minute report” to the Board that emphasized ongoing implementation of LCAP Goals at their schools.

**Surveys**

The LCAP Review survey included two pertinent questions used to inform our Annual Update:

- What is the District doing well related to this goal?
- What is the District doing that needs to be improved related to this goal?

**LCAP Advisory Committee**

During the first two meetings of the LCAP Advisory Committee the group walked through and discussed the implementation of each and every Action Step listed under all 5 goals.

After reviewing this goal’s annual update, many changes and additions have been proposed:

- AVID funding should be continued and full funding of a new middle school program put in place. This should include a stipend at the Department Chair level for a Site AVID Coordinator (pending negotiations).
- Secondary level intervention class funding can be shifted to Supplementary Concentration Grant (SCG) funds since they are largely made up of student on the unduplicated count and grades in core classes. Intervention requires more time to coordinate it in a way that it is a flexible program it requires time to coordinate. A .2 Intervention Coordinator position should be established at sites implementing a flexible intervention program such as RTI.
- The use of Odysseyware Credit recovery should be expanded with more licenses, increased funding to grade writing and to expand the Summer school credit recovery to non-migrant ed students
- Summer School for Migrant Ed is short on funding for a full 6 weeks so Migrant Ed funds should be supplemented to enable the program to run.
- The new Migrant Ed Computer Center requires additional funding to better support students in the after school program. Additional funding could help to establish and expand after school tutoring and homework help at district school sites.
- AP classes’ enrollment has increased but almost half do not take the exam, which make pass rate data less valid. By fully subsidizing the test for all students, they can be required to take the test as a condition for enrolling in the class without regard to cost. There is also a need to fund summer trainings in order to expand offerings.

*Goal 2 “Engage all students in learning.../Common Core”*

Many initiatives in this goal are in just their second year of implementation and need time to be better evaluated. There are still some needed changes and additions that are proposed:

- The *EL Achieve* elementary Systematic ELD initiative has been

successful in helping to improve the quality of instruction. In the next year additional funds are needed to train new ELD teachers and funding is needed to incorporate site level coaching on the ongoing implementation of the program. Coaching could be funded through stipends or through release time.

- The elementary libraries now have a new inventory/checkout system and collections have been updated but the Library Tech staffing hours are inadequate to provide ongoing support to students and should be expanded.
- Secondary coaching and professional development through Wested, UC Davis Math Project and Sacramento Area Science project should be continued. If there is additional funding it can be used to fund coaches.

Goal 3 "... safe and positive school environments.."

A number of changes are planned based on this analysis. Changes were made to Goal 3 based on data from 2015/16 and input from the stakeholders. It was determined that training in the Nurtured Heart Approach is a foundational step in the adoption of PBIS so that will be the basis of training for the secondary level. Since the elementary sites received training and coaching, they will participate in the PBIS training through the county cohort. In addition, district-wide adoption of an anti-bullying program was needed to better support our students so that will be completed and implemented. As further support of these programs, additional lunch time supervision will be given at the sites as well as increased needs in supporting the health needs of our students as there are more students attending school with significant health needs.

When determining the districts' needs in facilities, an immediate need was seen in ensuring a process for replacing furniture as it becomes outdated or damaged.

Goal 4 "...high quality, dedicated, and collaborative staff..."

In reviewing past actions and services for this goal, the following changes have been identified and will be implemented:

First, the Human Resources Coordinator (4.2) position will be

expanded from .61 FTE to 1.0 FTE in order to complete the outlined actions and services and assume lead responsibility for comprehensive personnel duties within the district. This is a base funded position.

Second, efforts surrounding job description revision (4.4) will be focused on those positions within the Confidential, Certificated, and Administrative classification as all revision of Classified job descriptions has been completed.

Third, comparability study work for the remainder of 2015-16 and ongoing into 2016-17 shall be focused upon the Confidential and Administrative classifications as this work has not yet been initiated. Updates to Classified and Certificated comparability studies shall be completed as necessary to inform negotiations and ensure external competitiveness and comparability.

Fourth, the professional development plan (4.2) shall include renewal of two annual professional development days for the 2016-17 school year at a cost of \$160,000 from Supplemental and Concentration Grant Funds, dependent upon negotiations with the certificated bargaining unit. This expenditure will allow for continued training aligned with LCAP goals.

Goal 5 "...partnerships with parents, businesses, and the community..."

This year we made a lot of progress in parental engagement at the site level through the increase in bilingual Parent Liaison hours. However, there is a need to extend this to the district level. Currently we do not have a district level receptionist. This has led to a number of issues with the quality of customer service. It is proposed that we create a position for a bilingual district office receptionist to address this need.

There is also a need to ensure that we coordinate translation at parent conferences more at the district level and to ensure that there are sufficient front office bilingual personnel.

We were able to start new Adult ESL classes at two campuses with funding from Fairfield Adult Schools. Some parents have

needed childcare to be able to attend and focus on the class. So we are proposing adding childcare to this program and to related parent meetings.

Goal 6 “...equitable and meaningful access to technology...”

In reviewing the past year we have made strides in getting technology into the hands of our students. Teachers are implementing Type to Learn in the classroom. Reports are generated and distributed to principals, to follow up on students who have not mastered the standards. It has become apparent this last year that our teachers are at significantly different in levels of ability in integrating technology into their lessons. This includes using technology as a teaching tool to help deliver information and integrating the use of student technology into everyday lessons. Because of these findings we will increase our technology professional development offerings to our teachers. These trainings will start this summer and continue all year long. Lessons will include keyboarding, MS Office, and using technology for student engagement. To augment our professional development we will continue with our goal of reaching a student to computer ration of 2:1 by purchasing the necessary computers to achieve this measurement. Currently we have 2 schools that need more computers to reach the goal and those are Tremont and Dixon High School. Another goal this next year will be to standardize on one curriculum software for out TK-6, students instead of the current system that consists of a different program at each elementary school. This will give an equal curriculum software experience to all of our students in getting them ready for the middle school and high school. It is our goal to make sure our students are ready for college or career in both the academic and technological rigors of the 21<sup>st</sup> century.

## Section 2: Goals, Actions, Expenditures, and Progress Indicators

### **Instructions:**

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

**Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.**

**Goal:** Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

**Related State and/or Local Priorities:** Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

**Identified Need:** Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

**Schools:** Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

**Applicable Pupil Subgroups:** Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

**Expected Annual Measurable Outcomes:** For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

**Actions/Services:** For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

**Scope of Service:** Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

**Pupils to be served within identified scope of service:** For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education

Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

**Budgeted Expenditures:** For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

**Guiding Questions:**

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

<p><b>1.14</b> Continue to fund the acceleration of implementation of <u>TK-3 Class Size Reduction at 24:1</u> average size per school. Smaller class size support greater teacher-student contact and personalized learning. Smaller class size will enable the teacher to more closely monitor student progress and intervene in a timely manner with Low Income students, English Learners and Foster Youth. There is a body of research (Zyngier metaanalysis, 2014) indicating that smaller class size in the first four years of school has a lasting impact, especially for “linguistically, culturally, and economically disenfranchised communities”. Fund 2015-16 the same way.</p>	TK-3	<input type="checkbox"/> ALL OR: <input checked="" type="checkbox"/> Low Income pupils <input checked="" type="checkbox"/> English Learners <input checked="" type="checkbox"/> Foster Youth <input type="checkbox"/> Redesignated fluent English proficient <input type="checkbox"/> Other Subgroups: (Specify)_____	FUND 01 - UNRESTRICTED – 11XX = \$149,280 3XXX = \$ 25,720

GOAL:	<b>2)</b> Engage all students in learning which results in continual academic growth, and mastery of the Common	Related State and/or Local Priorities: 1_ 2_ <input checked="" type="checkbox"/> 3_ 4_ <input checked="" type="checkbox"/> 5_ 6_ 7_ 8_
-------	---	---

Identified Need :

More than half of all students fail to show proficiency in state & local assessments, with significantly lower performance among students in the unduplicated count.

Goal Applies to:

Schools:

All Schools

Applicable Pupil Subgroups:

All Students including unduplicated pupils and students with disabilities

### LCAP Year 1: 2016-2017

Expected Annual  
Measurable  
Outcomes:

Required:

#### Priority 4: Pupil Achievement

- Performance on statewide Standardized Test (**STAR/CAASPP**):
  - SBAC ELA % Proficient: Increase by 3% pts. over 15-16
  - SBAC Math % Proficient: Increase by 3% pts. over 15-16
  - CST Science % Proficient: Increase 5<sup>th</sup>, 8<sup>th</sup> and 10<sup>th</sup> Grade by 3% pts. over 15-16
- Scores on Academic Performance Index (**API**)----**NO LONGER AVAILABLE STATEWIDE**
- Share of pupils that meet the **required entrance to UC and CSU** or complete career technical education (**CTE sequences**) or programs
  - % of Grads meeting UC/CSU: Increase by 2% pts. over 15-16
  - % completing CTE sequence: Increase by 2% pts. over 15-16
- Share of ELs that become English Proficient (**AMAO 2**) as measured by **CELDT**
  - ELs more than 5 years in US: increase by 2% pts. over 15-16
  - ELs less than 5 years in US: increase by 2% pts. over 15-16
  - English learner **reclassification rate**: Increase by 3% pts. over 15-16
  - Share of pupils that **pass** Advance Placement (**AP**) Exams with 3 or higher: Increase by 3% pts. over 15-16
- Share of pupils determine ready for college by Early Assessment Program (**EAP**) Scores on 11<sup>th</sup> grade SBAC
  - ELA % Prepared: Increase by 3% pts. over 15-16
  - Math % Prepared: Increase by 3% pts. over 15-16

#### Priority 2: Implementation of State Standards

- **A. Implementation of** State Board of Education-adopted academic **content and performance standards** for all pupils, including English Learners
  - % of teachers Fully-teaching to the grade level standard during principal's classroom visits or Learning Walks: Increase by 10% pts. over 15-16 (compare Trimester to Trimester)
- **B.** How the programs and services will enable **English learners to access the CCSS and the ELD standards** for purposes of gaining academic content knowledge and English language proficiency.
  - % of teachers organizing small group of only English Learner students during ELA or Math instruction.
  - % of teachers progressing on the EL Achieve Systematic ELD rubric when visited during ELD time

**Additional:**

- Local assessment data
- Learning Walk tool data on teacher use of engagement strategies and small group instruction
- Successfully meeting all EL compliance requirements

Actions/Services	Scope of Service	Pupils to be served within identified scope of service	Budgeted Expenditures
<p><b>2.1</b> Continue to strengthen implementation of <u>Instructional Coach positions</u> for each elementary school site in order to improve “first instruction” for all students in every classroom.</p> <ul style="list-style-type: none"> <li>➤ Coaching responsibilities will include, but not be limited to, working with classroom teachers on:               <ul style="list-style-type: none"> <li>◆ Engagement strategies</li> <li>◆ Differentiation through Small group instruction</li> <li>◆ EL Strategies during ELD Time</li> <li>◆ Implementation of new Assessments</li> <li>◆ Use of technology</li> <li>◆ Implementation of new ELD, Math and ELA Professional development</li> </ul> </li> <li>➤ 3 FTE Instructional Coaching positions will continue to be provided for the elementary schools.</li> <li>➤ Coaches will receive professional development and administrative support</li> <li>➤ DUSD will begin exploring research-based Teaching and Learning Frameworks to link coaching to an overarching Professional Development focus for 2017-18.</li> <li>➤ The Instructional Coaches will improve services to English Learners, Low Income Students and Foster Youth by helping teachers to implement classroom practices such as engagement strategies that will help these targeted students gain more access to the common core curriculum. Coaching will include support on how to organize their lessons so that differentiated small group instruction will ensure that these targeted students’ academic needs are addressed.</li> </ul>	<p>School Wide</p> <ul style="list-style-type: none"> <li>◆ Anderson</li> <li>◆ Tremont</li> <li>◆ Gretchen Higgins</li> </ul>	<p><input checked="" type="checkbox"/> ALL</p> <p>OR:</p> <p><input type="checkbox"/> Low Income pupils</p> <p><input type="checkbox"/> English Learners</p> <p><input type="checkbox"/> Foster Youth</p> <p><input type="checkbox"/> Redesignated fluent English proficient</p> <p><input type="checkbox"/> Other Subgroups: (Specify)_____</p>	<p>FUND 01 - UNRESTRICTED –</p> <p>11XX = \$201,250</p> <p>3XXX = \$70,675</p>
<p><b>2.2</b> Continue to Provide <u>Common Core coaching to Secondary teachers</u> to ensure implementation of new approaches to provide increased access to Common Core Standards. These include:</p> <ul style="list-style-type: none"> <li>➤ Differentiation through               <ul style="list-style-type: none"> <li>○ Engagement Strategies</li> <li>○ Technology</li> <li>○ EL Strategies</li> </ul> </li> <li>➤ creating and analyzing formative assessments</li> <li>➤ teaching practices in line with common core (i.e Math Practices,)</li> <li>➤ organization of support and other intervention classes</li> </ul>	<p>CAJ, DHS and CAJ</p>	<p><input checked="" type="checkbox"/> ALL</p> <p>OR:</p> <p><input type="checkbox"/> Low Income pupils</p> <p><input type="checkbox"/> English Learners</p> <p><input type="checkbox"/> Foster Youth</p> <p><input type="checkbox"/> Redesignated fluent English proficient</p> <p><input type="checkbox"/> Other Subgroups: (Specify)_____</p>	<p>FUND 01 - UNRESTRICTED –</p> <p>58XX = \$75,000</p>

<ul style="list-style-type: none"> <li>➤ classroom organization</li> <li>➤ Services to English Learners, Low Income Students and Foster Youth will be increased and improved through the coaching focusing on how to differentiate instruction in a way that will enable teachers to better address the needs of these targeted students. Coaching will focus on not just differentiating within the core class but in intervention classes. New Intervention options were added for math this year and they will be prioritized in the coaching support.</li> </ul>			
<p><b>2.3</b> Continue to <u>support implementation of Common Core State Standards:</u></p> <ul style="list-style-type: none"> <li>➤ Continue with TOSA position to continue to support the implementation of Common Core, Next Generation Science Standards, ELD Standards and other related work. Change funding source to better reflect the position.</li> <li>➤ Continue with position of a “Coordinator of Services for Unduplicated Count Students”. Coordinator will focus on ensuring the effective implementation of key action steps aimed at ensuring that Common Core is made accessible to targeted low income, English Learners, Foster Youth and low-achieving students. This includes, but is not limited to: <ul style="list-style-type: none"> <li>○ K-12 English Learner Programs and Personnel (see Action Step in Goal 2)</li> <li>○ K-6 Intervention Programs (see Action Step in Goal 1)</li> <li>○ Secondary Intervention Classes and CAHSEE Intervention (see Action Step in Goal 2)</li> <li>○ Parent Liaisons (see Action Step in Goal 5)</li> <li>○ Migrant Education Programs (see Action Step in Goal 2)</li> </ul> </li> </ul> <p>After two years focusing on general understanding basic implementation of Common Core, our work is now shifting to ensuring that we are teaching in a way that makes Common Core accessible to historically underperforming groups. We will improve services to English Learners, Low Income Students and Foster Youth by ensuring that the focused professional development and other supports are targeting these targeted groups.</p>	LEA	<input checked="" type="checkbox"/> ALL OR: __Low Income pupils __English Learners __Foster Youth __Redesignated fluent English proficient __Other Subgroups: (Specify)_____	FUND 01 - UNRESTRICTED – 11XX = \$70,125 3XXX = \$22,050 (TOSA)  FUND 01 - UNRESTRICTED – 11XX = \$93,500 3XXX = \$16,500 (COORDINATOR)
<p><b>2.4</b> Provide students with <u>CCSS aligned instructional materials</u> and provide professional development for all staff to support use of these materials</p> <ul style="list-style-type: none"> <li>➤ Common Core-aligned Assessment materials/licenses</li> <li>➤ Other Board-adopted Instructional materials will also be purchased</li> <li>➤ Ensure that there is a robust system to create assessments, retrieve data from multiple sources and to enable teachers and administrators to analyze data to inform instruction. <ul style="list-style-type: none"> <li>○ Fund current <u>Data Director system</u></li> <li>○ Explore other systems that might better meet our needs</li> </ul> </li> </ul>	LEA	<input checked="" type="checkbox"/> ALL OR: __Low Income pupils __English Learners __Foster Youth __Redesignated fluent English proficient __Other Subgroups: (Specify)_____	FUND 01 - UNRESTRICTED – 4XXX = \$200,000 (maximum budget available)

<p><b>2.5</b> Each grade level/ core area department shall <u>administer benchmark assessments</u> to be given three or more times annually. Results from the assessments will be analyzed at CPT to inform the next cycle of instruction and to determine next steps. LCAP Year 2: 2017-2018

Expected Annual Measurable Outcomes:

Required:

**Priority 1: Basic Services (Williams Settlement Items)**

- Rate of Teachers **Appropriately Assigned and Fully Credentialed**: Decrease Teacher Misassignment rate to 0
- **Facilities** maintained in good repair: All schools will meet Williams Facilities requirements
- Pupil Access to standards-aligned **instructional materials** : All schools will meet Williams Instructional Materials requirements

Additional:

- ◆Completion of **employee evaluations**: SEIU, DTA, Admin
- ◆**BTSA**--% completing all requirements

Actions/Services	Scope of Service	Pupils to be served within identified scope of service	Budgeted Expenditures
<p><b>4.1</b> Recruitment, hiring, and retention of quality teachers relies on attractive wages and support. **6.8 Helpdesk Webpage curator:**

Continue with the Helpdesk tech/ Webpage curator. The role of this position is twofold. First is to make sure that the technology for all students and staff is running efficiently and effectively so it can be utilized to the maximum effectiveness. The second is to keep the webpage up to date and make it easier for parents, students and the community to find information. Along with this will be the task of contacting each school and department to gather data to populate the webpage so it is accurate and current. Once the webpage is up to date this position will training parents and students on how to get the most out of our webpage, which will include training parents on how to use the push technology built into the webpage to keep their computers or mobile devices up to date with district information. It will also include training teachers on how to setup their webpage and how to post current information on their page for students and parents.

The LCAP advisory committee has also asked for the Aeries Homelink program to allow for the pushing of information not just pulling. In coordination with the Student Information Systems manager the new helpdesk/webpage curator will develop, implement, and then train parents on the new system.

While this will benefit all students, services to English Learners, Low Income Students and Foster Youth will be increased and improved because these students disproportionately have limited access to technology at home so this helps to bridge the technology divide

**LCAP Year 2: 2017-2018**

Expected Annual  
 Measurable  
 Outcomes:

**Required:**

**Priority 8: Other Pupil Outcomes**

- **Other indicators** of Pupil Performance in required Areas of Study
  - Student Technology use as determine by existing Learning Walks: Increase by 10% pts. over 16-17

**Additional:**

- ◆ Training & user data from ITS department
- ◆ Computer to student ratio
- ◆ Type to Learn 4 student achievement reports
- ◆ Student logins under Active Directory
- ◆ Student documents in MS Word and presentations in PowerPoint
- ◆ Webpage hits and analytics
- ◆ Home link account % of parents and students
- ◆ Teachers with active webpages
- ◆ Push notification systems for homework, grades, and attendance

6.1 Continue to provide increased **technology access to students and teachers** for the purpose of improving student learning and increasing readiness for on-line testing beginning in spring 2015. Heighten student access to CCSS curricular programs through the acquisition and daily use of netbooks/computers.

- ◆ Identify and provide hardware and software to students and teachers with a focus on closing the “technology gap” experienced by students in the unduplicated count.
- ◆ Provide professional development in technology for staff.
- ◆ Replacement if equipment to meet minimum technology classroom standards:

Laptop 10@ \$900	\$9,000
LCD 20 @ \$500	\$10,000
Doc Cameras 10@ \$350	\$3,500
Surge Protector 25@\$20	\$500
Cord Concealer 20@ \$50	\$1,000

- ◆ Continued support through providing hardware and software to students and teachers.
- ◆ Analyze outcomes to determine progress in access for all students with emphasis on those on the unduplicated count.
- ◆ Continue to use software that allows students to become more proficient at using technology.
- ◆ Student Access to Technology Student Ratio 9-12 if 3:1:

100 Netbooks @ \$300 Tremont (reaching 2:1 goal)	30,000
80 Netbooks @ \$300 DHS (reaching 3:1 goal)	\$24,000
Laptop Carts 2 @ \$1,800	\$3600
Replace 8 year old CAJ lab and increase each cart to 36 netbooks. 75@\$300	\$22,500

◆ Educational Software

Alexandria Library Automation hardware and software (see Goal 2 for details)	\$5,400

**6.8 Helpdesk Webpage curator:**

Continue with the Helpdesk tech/ Webpage curator. The role of this position is twofold. First is to make sure that the technology for all students and staff is running efficiently and effectively so it can be utilized to the maximum effectiveness. The second is to keep the webpage up to date and make it easier for parents, students and the community to find information. Along with this will be the task of contacting each school and department to gather data to populate the webpage so it is accurate and current. Once the webpage is up to date this position will training parents and students on how to get the most out of our webpage, which will include training parents on how to use the push technology built into the webpage to keep their computers or mobile devices up to date with district information. It will also include training teachers on how to setup their webpage and how to post current information on their page for students and parents.

The LCAP advisory committee has also asked for the Aeries Homelink program to allow for the pushing of information not just pulling. In coordination with the Student Information Systems manager the new helpdesk/ webpage curator will develop, implement, and then train parents on the new system.

While this will benefit all students, services to English Learners, Low Income Students and Foster Youth will be increased and improved because these students disproportionately have limited access to technology at home so this helps to bridge the technology divide

## Annual Update

**Annual Update Instructions:** For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

### Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

**Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.**

Original GOAL from prior year LCAP:	1) Ensure that all students have equitable access to a well-rounded, relevant curriculum designed to prepare them for college and career opportunities	Related State and/or Local Priorities: 1_ 2_ 3_ 4_ 5_ 6_ 7_ <b>X</b> 8_ COE only: 9_ 10_ Local : Specify _____
-------------------------------------	--	---

Goal Applies to:	Schools:	All Schools
	Applicable Pupil Subgroups:	All Students including unduplicated pupils and students with disabilities

Expected Annual Measurable Outcomes:	<p>Required:</p> <p><b>Priority 7: Course Access</b></p> <ul style="list-style-type: none"> <li>● <b>Pupil Access and Enrollment</b> in all required areas of study:             <ul style="list-style-type: none"> <li>○ <b>CTE Course</b> enrollment rate: increase by 3% from 14-15 baseline</li> <li>○ <b>AP Course</b> enrollment rate: increase by 3% from 14-15 baseline</li> <li>○ <b>A-G Course</b> enrollment rate: increase by 3% from 14-15 baseline</li> </ul> </li> </ul> <p>Additional:</p> <ul style="list-style-type: none"> <li>● Credit Recovery units earned: determine based on 14-15 baseline</li> <li>● Numbers of students participating in after-hours support programs at each school and at the Migrant Center.</li> </ul>	Actual Annual Measurable Outcomes:	<p>Required:</p> <p><b>Priority 7: Course Access</b></p> <ul style="list-style-type: none"> <li>■ <b>Pupil Access and Enrollment</b> in all required areas of study:             <ul style="list-style-type: none"> <li>○ <b>CTE Course</b> enrollment rate: Defined as % of 9-12 students enrolled in at least 1 CTE course</li> </ul> <table border="1" data-bbox="1312 544 1963 682"> <thead> <tr> <th></th> <th>14-15</th> <th>15-16 Midyear (Fall Sem)</th> <th>15-16 End of Year (Fall+Spring)</th> </tr> </thead> <tbody> <tr> <td>% enrolled</td> <td>39.6%</td> <td>36.6%</td> <td>NA</td> </tr> </tbody> </table> <ul style="list-style-type: none"> <li>○ <b>AP Course</b> enrollment rate: Defined as % of 10-12 students enrolled in at least 1 course</li> </ul> <table border="1" data-bbox="1312 755 1963 901"> <thead> <tr> <th></th> <th>14-15</th> <th>15-16 Midyear (Fall Sem)</th> <th>15-16 End of Year (Fall+Spring)</th> </tr> </thead> <tbody> <tr> <td>% enrolled</td> <td>27.5%</td> <td>31.5%</td> <td>NA</td> </tr> </tbody> </table> <ul style="list-style-type: none"> <li>○ <b>A-G Course</b> enrollment rate Defined as Freshman enrolled in A-G English, Math and Biology</li> </ul> <table border="1" data-bbox="1312 982 1963 1185"> <thead> <tr> <th></th> <th>14-15</th> <th>15-16 Midyear (Fall Sem)</th> <th>15-16 End of Year (Fall+Spring)</th> </tr> </thead> <tbody> <tr> <td>% enrolled</td> <td>100%</td> <td>93.5%</td> <td>NA</td> </tr> <tr> <td>Student Without IEPs</td> <td>100%</td> <td>100%</td> <td>NA</td> </tr> </tbody> </table> <p><b>Programs and services developed and provided to unduplicated pupils:</b> The 100% access rate for Freshmen without IEPs includes ELs, low income students and foster youth. Only those in the unduplicated count who had Math IEPs and were enrolled in the two year Intergrated Math I program were not enrolled in all required areas of study. We developed a unique two year program to serve these students that started in 2015-16. This summer we</p> </li> </ul>		14-15	15-16 Midyear (Fall Sem)	15-16 End of Year (Fall+Spring)	% enrolled	39.6%	36.6%	NA		14-15	15-16 Midyear (Fall Sem)	15-16 End of Year (Fall+Spring)	% enrolled	27.5%	31.5%	NA		14-15	15-16 Midyear (Fall Sem)	15-16 End of Year (Fall+Spring)	% enrolled	100%	93.5%	NA	Student Without IEPs	100%	100%	NA
			14-15	15-16 Midyear (Fall Sem)	15-16 End of Year (Fall+Spring)																										
% enrolled	39.6%	36.6%	NA																												
	14-15	15-16 Midyear (Fall Sem)	15-16 End of Year (Fall+Spring)																												
% enrolled	27.5%	31.5%	NA																												
	14-15	15-16 Midyear (Fall Sem)	15-16 End of Year (Fall+Spring)																												
% enrolled	100%	93.5%	NA																												
Student Without IEPs	100%	100%	NA																												

will also be targeting these students for the summer Math Bridge program for incoming 9<sup>th</sup> graders (see 1.9)

**Programs and services developed and provided to individuals with exceptional needs:** With the initial implementation of Integrated Math we were not able to provide access to the core for all students with IEPs. We will be tracking this groups in subsequent years as the 6.5% of Freshmen not enrolled in this class is comprised of all students with IEPs who were not enrolled in a grade level math class. This is still a significant step forward as just two years ago more than 60% of all students were in a below grade level math class.

**Additional:**

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>After reviewing this goal’s annual update, many changes and additions have been proposed:</p> <ul style="list-style-type: none"> <li>• AVID funding should be continued and full funding of a new middle school program put in place. This should include a stipend at the Department Chair level for a Site AVID Coordinator (pending negotiations).</li> <li>• Secondary level intervention class funding can be shifted to SCG funds since they are largely made up of student on the unduplicated count and grades in core classes. Intervention requires more time to coordinate it in a way that it is a flexible program it requires time to coordinate. A .2 Intervention Coordinator position should be established at sites implementing a flexible intervention program such as RTI.</li> <li>• The use of Odysseyware Credit recovery should be expanded with more licenses, increased funding to grade writing and to expand the Summer school credit recovery to non-migrant ed students</li> </ul>		

- Summer School for Migrant Ed is short on funding for a full 6 weeks so Migrant Ed funds should be supplemented to enable the program to run.
  - The new Migrant Ed Computer Center requires additional funding to better support students in the after school program. Additional funding could help to establish and expand after school tutoring and homework help at district school sites.
  - AP classes' enrollment has increased but almost half do not take the exam, which make pass rate data less valid. By fully subsidizing the test for all students, they can be required to take the test as a condition for enrolling in the class without regard to cost. There is also a need to fund summer trainings in order to expand offerings.
- There are many specific impacts on student achievement that we have described in the action steps and AMOs above. For example there was a positive impact on AP class enrollment (increased by 3% pts) and the number of students taking the exam. We found that by lowering the fee to \$50 we increased the % taking the test from 56% to 83%. So we are proposing expanding this next year. As for the credit recovery expansion, which disproportionately helps unduplicate count pupils, we greatly increased the number of credits earned towards graduation which will change that outcome later.

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>		<p>Many initiatives in this goal are in just their second year of implementation and need time to be better evaluated. There are still some needed changes and additions that are proposed:</p> <ul style="list-style-type: none"> <li>• The <i>EL Achieve</i> elementary Systematic ELD initiative has been successful in helping to improve the quality of instruction. In the next year additional funds are needed to train new ELD teachers and funding is needed to incorporate site level coaching on th ongoing implementation of the program. Coaching could be funded through stipends of through release time.</li> <li>• The elementary libraries now have a new inventory/checkout system and collections have been updated but the Library Tech staffing hours are inadequate to provide ongoing support to students and should be expanded.</li> <li>• Secondary coaching and professional development through Wested, UC Davis Math Project and Sacramento Area Science</li> </ul>					

project should be continued. If there is additional, funding it can be used to fund coaches. There are many specific impacts on student achievement that we have described in the action steps and AMOs above. For instance the focus on common core implementation has led to greater scores on local common core aligned math benchmarks ( % meeting benchmark level on midyear Math assessment was 30.1% compared to previous year 25.5%). Additionally in new math course we improved the D/F rate substantially--- 9<sup>th</sup> grade Semester 1 D/F rate went from 36.1% to 24.0%.

Original GOAL from prior year LCAP:	3) Provide students and staff with safe and positive school environments which promote and foster meaningful engagement and participation in their school communities	Related State and/or Local Priorities: 1_ 2__ 3__ 4__ 5_X 6_X 7_ 8_ COE only: 9__ 10__ Local : Specify _____

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>		<p>Changes were made to Goal 3 based on data from 2015/16 and input from the stakeholders. It was determined that training in the Nurtured Heart Approach is a foundational step in the adoption of PBIS so that will be the basis of training for the secondary level. Since the elementary sites received training and coaching, they will participate in the PBIS training through the county cohort. In addition, district-wide adoption of an anti-bullying program was needed to better support our students so that will be completed and implemented. As further support of these programs, additional lunch time supervision will be given at the sites as well as increased needs in the supporting the health needs of our students as there are more students attending school with significant health needs.</p> <p>When determining the districts’ needs in facilities, an immediate need was seen in ensuring a process for replacing furniture as it becomes outdated or damaged.</p> <p>The impact on student achievement is less direct in this section. We have evidence in the metrics above that we are moving in the right direction with increased attendance rates and decreased suspension rates.</p>

Planned Actions/Services		Actual Actions/Services	
	Budgeted Expenditures		Estimated Actual Annual Expenditures
<p><b>4.1</b> Recruitment, hiring, and retention of quality teachers relies on attractive wages and support. The District will fund the cost of the <a href="#">Beginning Teacher Support and Assessment (BTSA) program</a> for all teachers in need of clearing their credentials.</p> <ul style="list-style-type: none"> <li>➤ The District shall continue to pay the full cost of participation in BTSA for each teacher requiring credential clearance in an effort to provide students with high quality teachers.</li> <li>➤ Services to English Learners, Low Income Students and Foster Youth will be increased and improved through the BTSA components that address the needs of these historically underperforming students. Also, these targeted students will benefit most from attracting and retaining the highest quality teachers.</li> </ul>	<p>FUND 01 – UNRESTRICTED – 11XX = \$30,000 3XXX = \$4,638 58XX = \$40,342</p>	<p>The District continued to pay the full cost of participation in BTSA for each teacher requiring credential clearance though we switched the funding source to the restricted Educational Effectiveness Grant during the year since it met those goals. In total the District supported the induction efforts of seven (7) first year Participating Teachers (PTs) and eleven (11) second year participating teachers. Of this group, one Year 1 PT resigned mid-year. All other BTSA PTs are projected to successfully complete their induction responsibilities for 2015-16.</p> <p>In 2015-16 all eight (8) non-special education BTSA Year 2 PTs attended a district-level special populations training in the fall. This training addressed Response to Intervention strategies, Positive behavioral interventions/supports, Student Study Teams, psycho-educational assessments, the Least Restrictive Environment, 504 plans, and implementation of Individual Education Plans (IEPs). Training in these structures and strategies directly impacts teacher ability to meet the unique needs of students in the unduplicated count.</p> <p>In 2015-16 all six (6) BTSA Year 1 PTs attended a district-level English Learners training in the spring. This training addressed the Dixon EL Master Plan, designated and integrated ELD instruction/curriculum, and factors that influence English Learner student success. This training impacted teacher ability to collaborate with district specialists, colleagues, and parents to support English Learners in their classrooms.</p> <p>In 2015-16 all PTs (both Year 1 and 2) completed inquiry work for</p>	<p>FUND 01 – RESTRICTED – 11XX = \$30,000 3XXX = \$ 4,614 58XX = \$32,650</p>

		the consortium that focused on meeting the needs of students in the unduplicated count. Inquiry work will be completed in May of 2016. Additionally, all Year 2 PTs will complete Professional Growth Presentations that outline data addressing the performance of focus students including English Learners and other groups within the unduplicated count. These presentations will be conducted in late April of 2016.

<b>4.2</b> Continue with <a href="#">Human Resources Coordinator</a> with an increase to a.61 FTE. Focus will be on updating confidential, certificated and management job description, professional development planning, ongoing classified evaluation cycle revision and other personnel related duties.	FUND 01 – UNRESTRICTED – 11XX = \$52,589 3XXX = \$14,541	The Human Resources Coordinator position has operated at a level of .61 FTE since July 1, 2015. Effective February 1, 2016, the position will be adjusted to 1.0 FTE. All classified job descriptions have been revised and Board-approved and a new classified salary schedule has been developed and approved as well. The impact of this position on student learning falls in two areas. First, this position is a Cabinet-level position and has added another experienced and valuable voice to the work being done to improve learning across the District. The Coordinator is a long-time employee who has served as both a teacher and site administrator, adding valuable insight and experience to decisions about actions and services to improve student learning. Secondly, this position relieves the Superintendent of HR duties for the first time since the 2010-11 school year. The Superintendent is a far more engaged and available for working with staff around academic issues than in the last five years.	FUND 01 – UNRESTRICTED – 11XX = \$76,258 3XXX = \$18,056

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>In reviewing past actions and services for this goal, the following changes have been identified and will be implemented:</p> <p>First, the Human Resources Coordinator (4.2) position will be expanded from .61 FTE to 1.0 FTE in order to complete the outlined actions and services and assume lead responsibility for comprehensive personnel duties within the district. This is a base funded position.</p> <p>Second, efforts surrounding job description revision (4.4) will be focused on those positions within the Confidential, Certificated, and Administrative classification as all revision of Classified job descriptions has been completed.</p> <p>Third, comparability study work for the remainder of 2015-16 and ongoing into 2016-17 shall be focused upon the Confidential and Administrative classifications as this work has not yet been initiated. Updates to Classified and Certificated comparability studies shall be completed as necessary to inform negotiations and ensure external competitiveness and comparability.</p> <p>Fourth, the professional development plan (4.2) shall include renewal of two annual professional development days for the 2016-17 school year at a cost of \$160,000 from Supplemental and Concentration Grant Funds, dependent upon negotiations with the certificated bargaining unit. This expenditure will allow for continued training aligned with LCAP goals.</p> <p>The impact of these actions on student achievement is less direct. We have moved a number of items related to professional development to this section in 16-17 to better connect these actions to student achievement. For this year, the two added Professional Development Days allowed us to improve all teacher's ability to meet the needs of their students as evidenced in the math grades and local benchmark data in section 2 but the gains are not yet evident in ELA.</p>

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>		<p>This year we made a lot of progress in parental engagement at the site level through the increase in bilingual Parent Liaison hours. However, there is a need to extend this to the district level. Currently we do not have a district level receptionist. This has led to a number of issues with the quality of customer service. It is proposed that we create a position for a bilingual district office receptionist to address this need. There is also a need to ensure that we coordinate translation at parent conferences more at the district level and to ensure that there are sufficient front office bilingual personnel. We were able to start new Adult ESL classes at two campuses with funding from Fairfield Adult Schools. Some parents have needed childcare to be able to attend and focus on the class. So we are proposing adding childcare to this program and to related parent meetings. The data at the beginning of this section shows that we have dramatically increased our input from parents on the LCAP Surveys and are ahead of pace on the numbers of parents participating in site ELACs and other Common Core parent nights.</p>

Planned Actions/Services		Actual Actions/Services											
	Budgeted Expenditures		Estimated Actual Annual Expenditures										
<p><b>6.1</b> Provide increased <u>technology access to students and teachers</u> for the purpose of improving student learning and increasing readiness for on-line testing beginning in spring 2015. Heighten student access to CCSS curricular programs through the acquisition and daily use of netbooks/computers.</p> <ul style="list-style-type: none"> <li>◆ Identify and provide hardware and software to students and teachers with a focus on closing the “technology gap” experienced by students in the unduplicated count.</li> <li>◆ Provide professional development in technology for staff.</li> <li>◆ Replacement if equipment to meet minimum technology classroom standards:</li> </ul> <table border="1"> <tr> <td>Laptop 15@ \$900</td> <td>\$13,500</td> </tr> <tr> <td>LCD 35 @ \$500</td> <td>\$17,500</td> </tr> <tr> <td>Doc Cameras 30@ \$350</td> <td>\$10,500</td> </tr> <tr> <td>Syrge 25@\$20</td> <td>\$500</td> </tr> <tr> <td>Cord Concealer 20@ \$50</td> <td>\$1,000</td> </tr> </table> <ul style="list-style-type: none"> <li>◆ Continued support through providing hardware and software to students and teachers.</li> <li>◆ Analyze outcomes to determine progress in access for all students with emphasis on those on the unduplicated count.</li> </ul>	Laptop 15@ \$900	\$13,500	LCD 35 @ \$500	\$17,500	Doc Cameras 30@ \$350	\$10,500	Syrge 25@\$20	\$500	Cord Concealer 20@ \$50	\$1,000	<p>FUND 01 – UNRESTRICTED – 4XXX = \$113,900 58XX = \$30,000</p>	<p>Currently all classrooms are equipped to meet the district’s standards for a classroom. We currently have a 2:1 student to computer ratio at Anderson, Gretchen Higgins, CAJ, and MPHS. Our high school now has 5 computer labs that are up to date and less than 2 year old and 2 mobile carts for student to use in all other classrooms. Currently Dixon High School and Tremont Elementary have a student to computer ratio of 3:1. This will be addressed in this section for next year’s LCAP. We have implanted the new library software program Alexandria and installed the hardware to bring our school libraries up to date for technology. We have also implemented more licenses for the credit recovery program Odysseyware for both MPHS and DHS, targeting out unduplicated students. The bandwidth between school sites has been upgraded with our vendor Wave Communications. This coupled with the Internet bandwidth upgrade coming in section 6.4 will allow our students to have the same access to the internet as the rest of the students in Solano County.</p> <p>We currently are putting together a teacher committee to address the need of one uniform elementary curriculum software component across the district. The goal is to have that software chosen this spring and ready for implementation the fall of 2016.</p> <p>We are currently are using Type to Learn 4 and tracking our</p>	<p>FUND 01 – UNRESTRICTED – 4XXX = \$119,808 58XX = \$0</p>

6.4 Develop a <a href="#">5-year plan for maintaining and/or expanding the network</a> and other components of the technological infrastructure of the District. The primary goal is to ensure that a reliable functioning infrastructure is available to allow all technological use desired by staff and students. ♦The plan shall be developed prior to budget adoption for expenditure to be included in the budget. ♦Continuation of plan and consider revisions in annual LCAP update.		\$0	The current 5 year plan outlines the infrastructure needed to meet the needs of our staff and students. This differs from 6.3 as these pertain to the backbone that the data is translated on instead of the actual end user devices. The most pressing need for the district is Internet bandwidth. Part of this has been addressed utilizing E-Rate and we are able to meet the needs for testing at our schools sites for SBAC. We are waiting for the BIIG grant that we were awarded to increase the Internet bandwidth for the district that will place us on equal footing with the other districts in Solano County. We will hear more in February and hope to be connected to SCOE directly and to the K-12 High Speed Network early this fall. The funding for the 5 year plan for network growth and maintenance is averaging 50.000 per year. As shown in 6.1 we increased spending in this category by \$6,000 to increase our Internet bandwidth from 50MB out to 200MB out. This will support the implementation of the SBAC testing and the use of more Internet bases programs for our students and teachers.	\$0

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?

In reviewing the past year we have made strides in getting technology into the hands of our students. Teachers are implementing Type to Learn in the classroom. Reports are generated and distributed to principals, to follow up on students who have not mastered the standards. It has become apparent this last year that our teachers are at significantly different in levels of ability in integrating technology into their lessons. This includes using technology as a teaching tool to help deliver information and integrating the use of student technology into everyday lessons. Because of these findings we will increase our technology professional development offerings to our teachers. These trainings will start this summer and continue all year long. Lessons will include keyboarding, MS Office, and using technology for student engagement. To augment our professional development we will continue with our goal of reaching a student to computer ration of 2:1 by purchasing the necessary computers to achieve this measurement. Currently we have 2 schools that need more computers to reach the goal and those are Tremont and Dixon High School. Another goal this next year will be to standardize on one curriculum software for out TK-6, students instead of the current system that consists of a different program at each elementary school. This will give an equal curriculum software experience to all of our students in getting them ready for the middle school and high school. It is our goal to make sure our students are ready for college or career in both the academic and technological rigors of the 21<sup>st</sup> century.

As of now the evidence of an impact on student achievement is not strong. There is an increased use of technology in classrooms showing on Learning Walk data but application to achievement is difficult to determine. One thing we are looking at is the students scores on the writing sections of SBAC Interims and Summatives, where technology is connected. Our Interims for ELA were taken for the first time by every student from 3<sup>rd</sup> to 11<sup>th</sup> grade and these scores will be the baseline for future years.

**Section 3: Use of Supplemental and Concentration Grant funds and Proportionality**

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	<b>\$3,067,804</b>
<p>Using the calculation tool provided by the state, Dixon Unified has calculated that it will receive \$2,848,209 in Supplemental and Concentration funding under the Local Control Funding Formula (LCFF) based on 58.25% unduplicated count students. The details of these expenditures are itemized in section 2 of this plan and include additional intervention programs, social/emotional supportive programs, professional development, data tracking, in class tutoring and technology upgrades to better serve our low income, foster youth and English Learner pupils. All actions and expenditures of Supplemental and Concentration and other funds were taken with the needs of these students in mind based on careful analysis of data and input from our stakeholders. Some of these actions and services are being performed on a schoolwide or districtwide basis. Districtwide services are principally toward and are effective in meeting the district’s goals for our unduplicated pupils including students with disabilities. Here is a brief description and justification for the major areas of emphasis in the plan:</p> <ul style="list-style-type: none"> <li>➤ Elementary Intervention Support is provided schoolwide at each school in a way that allows for unduplicated count students to receive small group instruction in accordance with the <i>ELA Frameworks</i> guidelines on “Multi-Tiered Systems of Support” (MTSS).</li> <li>➤ Districtwide Professional Development support for teachers from Instructional Coaching, Professional Development Days, and support from TOSAs and a Coordinator of Services for Unduplicated Count Pupils are justified as all of our teachers work with the unduplicated count students and the training they receive will be focused on making rigorous content more accessible in accordance with effective schools research on the importance of the teachers’ impact on achievement (Marzano).</li> <li>➤ Districtwide technology training, hardware and software are used schoolwide in order to allow the teacher to pull groups of students in which unduplicated count students are overrepresented and provide focused small group instruction. (MTSS and integration of technology in all revised Curriculum Frameworks---i.e “Learning in the 21<sup>st</sup> Century” section of <i>ELA Framework</i>).</li> <li>➤ Data analysis and support is funded districtwide in order to ensure teachers have timely data needed to address the needs of unduplicated count students and reflection during Common Planning Time (Dufour’s “<i>Learning by Doing: A Handbook for Professional Learning Communities at Work</i>”).</li> <li>➤ After school tutoring at the DHS Learning Center, Credit Recovery and Summer intervention programs are all justified based on research into the impact that extending the school day/year has on reducing the academic achievement gap. (“Expanded Learning Programs” section of <i>ELA Framework</i>).</li> <li>➤ 2 Professional Development days were continued for all teachers in order to ensure that we can have extended trainings and collaborations over the best ways to continue to meet the educational needs of English Learners and Low Income Students. Each of the different activities on these days included specific strategies for these students as applied to English, Science, Math and History.</li> </ul>	

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

12.49	%
<p>Services for unduplicated pupils must be increased or improved by 11.51% compared to the services provided to all pupils. This is described throughout Section 2 of the plan. Here are some examples of these:</p> <ul style="list-style-type: none"> <li>➤ The Dixon High Learning Center staff will focus outreach to English Learners, Low Income students and Foster Youth to ensure that services to these students are increased. By targeting outreach to students in the unduplicated count we will increase the number of students attending the Learning Center by 10% or more in 2015-16. Targeting will include meetings and/or phone calls to the parents of the unduplicated count students.</li> <li>➤ Elementary Intervention teaching positions and secondary intervention class size reduction will improve services for English Learners, Low Income Students and Foster Youth by using more timely data to focus instruction for these students and enable the teacher to work in smaller groups to personalize and increase access to the lessons for unduplicated count pupils in accordance with the new ELA Framework recommendations.</li> <li>➤ TK-3 Class Size Reduction progress to 24:1 has been accelerated by reducing class size at a faster pace than is required by law. This improves services because smaller class size support greater teacher-student contact and personalized learning. Smaller class size will enable the teacher to more closely monitor student progress and intervene in a timely manner with Low Income students, English Learners and Foster Youth. There is a body of research (Zyngier metaanalysis, 2014) indicating that smaller class size in the first four years of school has a lasting impact, especially for “linguistically, culturally, and economically disenfranchised communities”.</li> <li>➤ 2 extra days of Professional development were provided to all teachers. All trainings had a common focus of engaging student in the unduplicated list with an emphasis on ensuring that we are teaching in a way that makes Common Core accessible to historically underperforming groups. We will improve services to English Learners, Low Income Students and Foster Youth by ensuring that the focused professional development and other supports are targeting these targeted groups.</li> <li>➤ The Destination College Advisor will target under-represented populations including Latinos, ELs, and socio-economically disadvantaged students. There will be outreach to English Learners, Low Income students and Foster Youth to ensure that services to these students are increased. This outreach will include additional meetings with students and additional phone calls to the parents of the unduplicated count students.</li> <li>➤ Common Core Summer Math Academy for students with low Math grades entering 7<sup>th</sup>, 8<sup>th</sup> and 9<sup>th</sup> grade includes a redesigned curriculum that will increase and improve services to English Learners, Low Income Students and Foster Youth by making sure that the more demanding Common Core curriculum is more accessible to historically underperforming groups. The curriculum redesign will include access and equity strategies referred to in the new ELA Framework. Additionally, unduplicated count pupils are to be targeted through repeated recruitment phone calls home to parents.</li> <li>➤ The Maine Prairie (Continuation School) Counselor will increase services to English Learners, Low Income Students and Foster Youth by being available to more of these targeted students and as a result of revised strategies for outreach. Hours will be the same but services for the unduplicated count pupils will be improved by having additional and more frequent meetings with the targeted students.</li> <li>➤ The Elementary Instructional Coaches will improve services to English Learners, Low Income Students and Foster Youth by helping teachers to implement classroom practices such as engagement strategies that will help these targeted students gain more access to the common core curriculum. Coaching will</li> </ul>	

include support on how to organize their lessons so that differentiated small group instruction will ensure that these targeted students' academic needs are addressed.

- Services to English Learners, Low Income Students and Foster Youth will be increased and improved through the secondary coaching focusing on how to differentiate instruction in a way that will enable teachers to better address the needs of these targeted students. Coaching will focus on not just differentiating within the core class but in intervention classes. New Intervention options were added for math this year and they will be prioritized in the coaching support.
- The Common Core TOSA position, the Coordinator of Services for Unduplicated Pupils and the 2 Professional Development Days improve services in similar ways. After two years focusing on general understanding basic implementation of Common Core, our work is now shifting to ensuring that we are teaching in a way that makes Common Core accessible to historically underperforming groups. We will improve services to English Learners, Low Income Students and Foster Youth by ensuring that the focused professional development and other supports are targeting these targeted groups.
- Through the Compliance Specialists and EL clerical positions, services to English Learners, Low Income Students and Foster Youth will be increased and improved by providing teachers the necessary data and materials required to modify instruction and meet the needs to these targeted students
- Services to English Learners will be increased and improved by adding this extra .5 ELD Teacher to each school. The extra person will enable smaller and more leveled groups of English Learners during Designated ELD.
- The addition of new socio-emotional counselors and decision to provide a foundation for PBIS through the Nurtured Heart Approach trainings enable services to English Learners, Low Income Students and Foster Youth to be increased and improved through development of enhanced skills in addressing socioemotional needs of these targeted students. These subgroups have been historically over-represented in our suspension and expulsion data, which has shown improvement this year.
- The Bilingual Parent Liaison will increase two-way communication with parents of Spanish-speaking parents so they can better support their students. Services to English Learners, Latino students, Low Income Students and Foster Youth will be increased through this addition of 1 hour a day at each school compared to 14-15.
- The purchases of technology (hardware and software) will benefit all students but services to English Learners, Low Income Students and Foster Youth will be increased and improved in several ways. First, these students disproportionately have limited access to technology at home so this helps to bridge the technology divide. Also, a number of our other initiatives for these targeted students are enhanced through the availability of computers. For instance, small group intervention targeting these groups can be run more effectively when there are computers in the room to help engage the rest of the class and our diagnostic assessments that provide data for teachers to address these targeted students' gaps are all online starting next year.
