School Plans

When required by law or determined to be a useful tool to accomplish the Solano County Office of Education's (SCOE) goals, the County Superintendent encourages employees, students, parents/guardians, and other members of the school community to develop comprehensive school plans designed to meet the specific needs at individual school sites. The Superintendent may approve or disapprove school plans as necessary in order to fulfill SCOE's mission, accomplish its adopted goals, and/or comply with legal requirements.

Single Plan for Student Achievement

The Superintendent or designee shall ensure that a single plan for student achievement is prepared as required by law for each school participating in specified state and/or federal categorical programs such as the consolidated application.
