Policy 6161

Equipment, Books, and Materials

The Solano County Office of Education (SCOE) recognizes that student learning is enhanced when students have access to high-quality textbooks, equipment, and other instructional materials for each of the subjects they are studying. To adequately support the approved curriculum, instructional materials also should be up to date.

The County Superintendent or designee shall develop procedures for determining the sufficiency of SCOE's instructional materials in providing accurate, current information and ensuring that students have access to standards-based materials. When new instructional materials have been chosen in accordance with SCOE's selection and evaluation policy, the Board shall make final decisions regarding their purchase.
