North Bay Apprenticeship Coordinators Association (NBACA) Union Apprenticeship Hands-on Construction Career Fair

The Solano County Office of Education (SCOE) is co-sponsoring the North Bay Apprenticeship Coordinators Association (NBACA) Union Apprenticeship Hands-on Construction Career Fair on Friday, March 1, 2019, from 8:30 a.m. to 1:30 p.m., at two Benicia locations: Ironworkers Training Center at 3150 Bayshore Road and Heat and Frost Insulators Training Center at 3801 Park Road. Attendees will learn the skills needed to become an apprentice and have an opportunity for some hands-on experience with certified trainers. Apprentices earn a salary while learning the skills needed to become bricklayers, carpenters, cement masons, electricians, plumbers, and more.

“We are very proud to co-sponsor the NBACA Union Apprenticeship Hands-On Construction Career Fair. An outstanding opportunity which gives students a rich orientation to the many options they have for a career in the trades,” says Solano County Superintendent of Schools Lisette-Estrella-Henderson.

Last year, over 600 students from Solano and Napa County schools took part in this experience.

For more information regarding this event, contact Gillie Miller at GMiller@solanocoe.net.
