Northern California Annual Update on California Early Start, Early Care and Education Services

The Solano County Office of Education is hosting the Annual Update on California Early Start and Early Care and Education Services for families, community members, service providers, and early childhood practitioners on Thursday, February 22, 2018, from 8:30-11:30 a.m. at 5100 Business Center Drive, Fairfield, CA. The event is sponsored by the Infant Development Association (IDA) of California and will provide a multi-agency panel of statewide experts sharing current perspectives on regional early intervention programs, the latest updates on inclusive opportunities for preschool students, information about the recent Legislative Analyst's Office (LAO) Report, updates from the Department of Developmental Services (DDS), as well as ideas and updates from a local family resource center.

Solano County Superintendent of Schools Lisette Estrella-Henderson shared her support of this event saying, "The Solano County Office of Education is committed to working with a broad group of stakeholders to improve services and outcomes for our infants and toddlers. We welcome this great opportunity for strengthening collaboration on behalf of the children in Solano County."

Registration information is available online at the Infant Development Association of California website www.idaofcal.org or in person on the day of the event. Please join us for this collaborative and informative opportunity!
