Solano Charter of the Association of California School Administrators Every Student Succeeding Dinner and Scholarship Awards Event

The Solano Charter of the Association of California School Administrators (ACSA) will host a recognition event to honor students who have demonstrated resilience and achieved success. The event will be held in partnership with the Solano County Office of Education (SCOE) located at 5100 Business Center Drive in Fairfield on Monday, April 1, 2019, at 5:00 PM. “It is truly a privilege to work with our area administrators to honor deserving students in Solano County,” says County Superintendent of Schools Lisette Estrella-Henderson. “We honor our scholars and those young people that despite facing adversity, have come back strong as ever. Rather than letting difficulties or failure overcome them and drain their resolve, they have found through positive attitude, optimism, and grit that they are resilient, able to change course, and move forward toward achieving their goals.”

Every Student Succeeding honorees will be featured in a video highlighting their challenges and accomplishments. This year's the Region 4 winner is Ali Hussain from SCOE. He will also be honored at ACSA's November Leadership Summit in San Francisco. Region 4 includes charters in Mendocino, Lake, Sonoma, Napa, Marin, and Solano counties as well as the Vallejo City Charter. ACSA will also award college scholarships to several graduating students, to apply towards their 2019-20 school year expenses.
