### **Solano County Office of Education Host Transition Information Fair**

Parents, guardians, and students are invited to attend a Transition Information Fair hosted by Solano County Office of Education’s Workforce Development Department. If you have a student enrolled in a middle school, high school, or transition program who has a disability and/or is in a special education program, it is time to discover the possibilities for their future.

By attending the Fair, you and your son or daughter will receive valuable information about various programs and agencies in our community that can assist with higher education and training, employment, adult day programs, and independent living. Over 40 agencies from Solano County and surrounding areas will have representatives available to offer guidance and information about their services.

Lisette Estrella-Henderson, Solano County Superintendent of Schools, encourages parents to participate with their student(s) stating, “This Fair offers a vital stop along a young person’s journey to prepare them to lead a positive and productive life as a contributing member of their community.”

The Fair will be on Tuesday, March 14, 2017, at the Solano County Office of Education, located at 5100 Business Center Drive in Fairfield (near Costco). Attend anytime between 5:00– 7:00 p.m.

To learn more about the Transitional Information Fair, please call 707-399-4830.
