RESULTS OF THE 2019 SOLANO COUNTY STUDENT ART FAIRE

Every year some of the best local artists, in the fourth through twelfth grades, showcase their art in the Solano County Student Art Faire. Viewing was open to the public in McCormack Hall at the Solano County Fairgrounds on Saturday, May 18, 2019.

The Student Art Faire featured art pieces, from 466 artists from 27 schools throughout the County, in a variety of categories including: computer art, sculpture, drawing, mixed media, painting, photography and many more. For so many of these young artists it was the first time their art was displayed for the public.

“The Solano Student Art Faire is something we look forward to every year,” says Solano County Superintendent of Schools Lisette Estrella-Henderson. “It is a special time to bring students, parents, teachers, and the community together to honor the work students have completed over the school year and celebrate the importance of the arts in education.”

Ribbons were awarded to students who place first, second, third, and honorable mention in each category. Each division also awarded one artist with the Best of Show Ribbon. Every artist received a certificate for participating.
