

ASIST

Youth Suicide Prevention for School Staff

Solano County Office of Education (SCOE) is proud to offer *ASIST (Applied Suicide Intervention Skills Training)*, a two-day interactive workshop in suicide first aid. ASIST participants learn to recognize when someone may be at risk of suicide and how to work with them to create a plan that will support their immediate safety. Although ASIST is widely used by healthcare providers, participants do not need any formal training to attend the workshop. ASIST can be learned and used by anyone.

*We are offering this workshop **free of cost** to school staff in Solano County and community members. Please find the date that works best for you and click on the link to register. Note that the trainings are two full days.*
