Solano County Community School School Accountability Report Card Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

The Solano County Community School, otherwise called Golden Hills Community School, provides a well-rounded curriculum for expelled and probation students residing in the Fairfield-Suisun School District boundaries. Our main goal is to assist students with getting back on track with their academics and discipline. We are dedicated to helping students successfully return to a comprehensive high school in the district where they can finish their education. We have our initial WASC accreditation so students who finish at Golden Hills can now be issued a high school diploma. The class size at our Community School is limited to 24 students. We currently have two classrooms ranging from 7 through 12th grade. Students are placed in a class based on their grade level and credits earned. Each class has a teacher and a paraeducator. Also on site is a Student Support Specialist and the Program Administrator for Educational Options. The Student Support Specialist provides case management and social emotional intervention support services. This individual may conduct home visits, coordinate services with the Juvenile Justice System and when appropriate, participate as an Individualized Education Program (IEP) team member. This individual provides one-on-one and small group counseling for students after school. This person is the liaison with the Fairfield-Suisun school district. All our textbooks are state approved and standards-based.

The Community School focus has shifted over the last four years from a program primarily based on Literacy and Mathematics to a more broad-based approach, including all four core subjects- Mathematics, English, Science and History-Social Science. Text book adoptions in all four areas have made this possible.

The Solano County Office of Education's Distance Learning Program is open to eligible students from the county's six school districts who have not been successful in their district's alternative school settings. Students may be referred to the program by their district's Student Services Department. This program is designed to allow students access to the Learning Lab at least three days per week, with a minimum requirement of meeting with the teacher once a week. Each student is required to complete a minimum of 20 hours per week of on-line school work. We encourage students to exceed this amount of time so that more credits can be earned. This is a program built on self-motivation and individual success. Therefore, parental support is critical to support student learning.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

The Solano County Office of Education (SCOE) provides instructional services in a wide variety of school settings. Golden Hills Community School operates two classrooms in Building 5 and one Distance Learning Program in Building 6. The Golden Hills Community School facilities are maintained by the SCOE Maintenance Department. The facilities are maintained in a safe condition and there are procedures in place to quickly address health and safety issues once they have been identified. Classrooms are cleaned daily after the students leave at 1:00 P.M.

All Interim Evaluation Instruments for Golden Hills Community School facilities are on file in the Facilities Department. Please contact the Director of Facilities/Maintenance and Transportation at (707) 399-4864 for questions.

School Facility Good Repair Status (Most Recent Year)

Using the most recently collected FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)						
Subject	School		District		State

English Language Arts/Literacy (grades 3-8 and 11)	10	9	6	7	49	49	
Mathematics (grades 3-8 and 11)	6	0	4	0	37	38	

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group

Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded

Students with Disabilities				

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Mathematics by Student Group

Grades Three through Eight and Grade Eleven (School Year 2016-17)

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3—Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Career Technical Education Programs (School Year 2016-17)

Students at Golden Hills Community School have access to a career class which is taught by a member of SCOE's CTE department. In this class, students learn job skills, resume writing and interview techniques. Many of our students take advantage of this class which has helped past students get quality jobs in the community. In 2014/2015 school year, SCOE began offering CTE programs.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

At Golden Hills Community School, we have a School Site Council composed of teachers, students, parents, and community members. Parent input is critical to the needs of the school and the students. Parents and students have input in the use of our Title I funds. Golden Hills Community School also holds a Back-to-School Night in the fall semester and a Parent Information Night in the Spring. The school holds Parent Involvement meetings which are designed to increase more parental participation to ensure successful transition to students' home school life in the community. We also hold multiple opportunities for the parents to offer input in the Local Control Accountability Plan (LCAP) throughout the year.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2017-18)

It is the policy of the Solano County Office of Education (SCOE) that all students enrolled in this county office of education, and all employees employed by this county office of education, have the right to attend campuses, which are safe and secure. The SCOE believes that a beginning step toward safer schools is the development of a comprehensive plan for school safety by every school within the county. The SCOE intends that parents, students, teachers, administrators, classified personnel, and community agencies develop safe school plans, including local law enforcement. The school site committee reviews these safe school plans on an annual basis and proposed changes are submitted to the Site Administrators' Committee for approval. The elements of the plan include disaster response, supervision, and expulsion policies, sexual harassment, safe and orderly entry and departure, rules and procedures on school discipline, and crime reporting. A site safety committee meets quarterly to discuss pertinent issues. This plan is discussed each year at a beginning of the year's staff meeting. It was last updated in January of 2018.

Types of Services Funded (Fiscal Year 2016-17)

Golden Hills Community School provides wraparound services for its students. After school, counseling and community service hours are also available for students who need these. Supplemental Educational Services are available for all students.

Professional Development (Most Recent Three Years)

All teachers and para educators attend professional development sessions throughout the school year. This past year, the focus has been on Academic Conferencing and the continued implementation of the ELA and Mathematics Common Core State Standards (CCSS) which prepares students for the annual Smarter Balanced Assessment Consortium (SBAC) testing. To further support this, online training with Renaissance Learning has occurred so teachers become familiar with the different reports that are available to them to monitor student growth in Math and English Language Arts. These take place on Wednesdays after the students are released. The central office provides support for these trainings through in-house presenters. For the past years, the teachers have received English Language Development (ELD) professional development trainings from an outside consultant The staff has received approximately ten dedicated professional development days for curriculum training. Staff has also attended trainings on the Next Generation Science Standards (NGSS), Mindfulness, and classroom management strategies.

^{*}One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.
