## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

**VISION STATEMENT:** Solano County Office of Education (SCOE) is a professional teaching and learning community that works to implement effective instructional strategies that will enable every student to be successful. SCOE believes every student can become successful 21st-century critical thinkers and learners who have the potential to graduate from high school, go to college and/or trade school, while being positive contributing citizens to our community.

**MISSION STATEMENT :** The Solano County Juvenile Court and Community School provides every student an equal opportunity to an enriched education where they are challenged to meet and exceed their individual potential in a safe, supportive and structured environment.

**PROGRAM OVERVIEW :** The goal for the Golden Hills Community School Program is to provide a standards-based academic program for students who have been expelled from their resident districts, may be currently on probation, or they may be referred as a behavioral challenge. The school primarily serves students who reside in the Fairfield-Suisun Unified School District and Vacaville Unified School District boundaries. Golden Hills Community School is committed to assisting students with achieving academic success along with participating in the Positive Behavior Management System (PBIS). Our students work on a standards-based curriculum and have the opportunity to recover missed credits. The program is designed to support progress toward graduation and offers diplomas for students who complete the school's requirements. Golden Hills Community School's academic program has been recognized by the Western Association of Schools and Colleges (WASC). Students who complete their high school graduation requirements through coursework are issued a high school diploma.

The Solano County Office of Education Golden Hill's Distance Learning Program is open to eligible students from the county's six school districts who have not been successful in their district's alternative school settings. Students may be referred to the program by their district's Student Services Department. This program is designed to allow students access to the Learning Lab daily, with a minimum requirement of meeting with the teacher once a week. Each student is required to complete a minimum of 20 hours per week of on-line school work. We encourage students to exceed this amount of time so that more credits can be earned. This is a program built on self-motivation and individual success. Therefore, parental support is critical to support student learning.

## About this School

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

## 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	
<b>Intern Credential Holders Properly Assigned</b>	
<b>Teachers Without Credentials and Misassignments (“ineffective” under ESSA)</b>	
<b>Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)</b>	
<b>Unknown</b>	
<b>Total Teaching Positions</b>	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

## School Facility Conditions and Planned Improvements

The Solano County Office of Education (SCOE) provides instructional services in a wide variety of school settings. Golden Hills Community School operates one classroom, a learning center, and makerspace in Building 7a, and one Distance Learning Program classroom in Building 6. The Golden Hills Community School facilities are maintained by the SCOE Maintenance Department. The facilities are maintained in a safe condition and there are procedures in place to quickly address health and safety issues once they have been identified. Classrooms are cleaned daily after the students leave at 1:30 p.m.

All Interim Evaluation Instruments for Golden Hills Community School facilities are on file in the Facilities Department. Please contact the Manager of Facilities & Maintenance at (707) 399-4864 for questions.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## 2020-21 Career Technical Education Programs

Due to COVID-19, during the 2020-20201 school year, Golden Hills Community School continued the process of planning for Career Technical Education (CTE) courses. Students were able to engage with CTE instruction in person following the closure of schools for in-person instruction. Community school students were provided access to career skills such as job skills, resume writing, and interview techniques. These skills were facilitated by a vocational specialist from SCOE's College and Career Readiness Department. The SCOE Vocational Specialist presented information in the general education classroom. Many SCOE students take advantage of this class which has helped past students get quality jobs in the community. In addition, students were given the opportunity to receive their SERVSAFE Food Handler's Certification.

## 2020-21 Career Technical Education (CTE) Participation

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2021-22 Opportunities for Parental Involvement

Golden Hills Community School encourages and supports parental involvement through parent advisory committee meetings and the School Site Council (SSC). The SSC which is composed of teachers, students, parents, and community members implements, monitors, and evaluates the effectiveness of the instructional program.. Parental feedback and recommendations are also utilized to compose the School Plan for Student Achievement (SPSA) which serves as the blueprint for both classroom instruction and support resources for students and their families and the use of Title I funding. Family Welcome Meetings are held throughout the school year for new and returning families. Parents participate in an orientation meeting that includes students, teachers, site administration and support staff members. Parents receive detailed information about their opportunities to partner with the school community and access transition services. Parents are invited to meet with the Student Support Specialist in order to implement a transition plan for students who are preparing to return to their school districts of residence. Transition services support parents and students with accessing resources provided by the receiving school district and community. SCOE also provides multiple opportunities for the parents to offer input in the development of the Local Control Accountability Plan (LCAP) throughout the school year.

The parent and family engagement policy was developed jointly with, and agreed on with parents and students at the school. The contact person for parent who would like to get involved is the Assistant Director of Educational Options, Dr. Valerie

## C. Engagement

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

<b>Expulsions</b>	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

It is the policy of the Solano County Office of Education (SCOE) that all students enrolled in this county office of education, and all employees employed by this county office of education, have the right to attend campuses, which are safe and secure. SCOE believes that a beginning step toward safer schools is the development of a comprehensive plan for school safety by every school within the county. The SCOE intends that parents, students, teachers, administrators, classified personnel, and community agencies develop safe school plans, including local law enforcement. The school site committee reviews these safe school plans on an annual basis and proposed changes are submitted to the Site Administrators' Committee for approval. The elements of the plan include disaster response, supervision, and expulsion policies, sexual harassment, safe and orderly entry, and departure. This plan is district rules and procedures on school discipline and crime reporting. A site safety committee meets quarterly to discuss pertinent issues. The site safety plan is also discussed each year at a departmental staff meeting held at the beginning of the year. The 2021-2022 plan was updated September 2021 and discussed at the November 2021 School Site Council meeting, it will be open for public comment in December 2021 before finalizing and submitting by February 2022. Per AB 1747, the school safety plan will be reviewed by law enforcement, fire department, and other first responder entities, as appropriate.

## 2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

## Professional Development

All teachers attend professional learning sessions throughout the school year. This past year, the focus has been on standards-based instructional practices and the continued implementation of the English Language Arts (ELA) and Mathematics Common Core State Standards (CCSS) which prepares students for the annual Smarter Balanced Assessment Consortium (SBAC) testing. The county office staff members from Educational Services, Student Programs, and other departments provide support for these trainings through in-house presenters. To further support this, online training with Renaissance Learning has occurred so teachers become familiar with the different reports that are available to them to monitor student growth in Math and ELA. These take place on Wednesdays after the students are released. The staff has received approximately ten dedicated professional learning days for curriculum and instructional practices training. Staff has also attended trainings on the Next Generation Science Standards (NGSS), Edgenuity online learning portal, and classroom management strategies embedded within Positive Behavior Implementation Systems (PBIS).

Additional professional learning areas include integrating Google Apps in the classroom and improving math instruction through rigorous math instruction, social emotional learning, growth mindset, and cultural competence. Universal Design for Learning (UDL) professional learning sessions and coaching will also be provided to support equitable access to learning for all students.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
